Thanks.

Dear Ms. Redenius:

The Public Service Commission staff has completed its analytical review of your 2001 annual report. The primary purpose of the analytical review is to detect possible reporting or accounting related errors, and also to identify significant fluctuations from prior years data that are not sufficiently explained in the annual report. The analytical review identified the following issues:

1. During our review, we noted that in Account 233, Payables to Municipality on page F-18, you reported 1999 and 2000 tax equivalent not yet paid. Please note that in the future, Account 233 should only contain amounts that are subject to current settlement. Amounts that will not be repaid should be written off to Account 434, Miscellaneous Credits to Surplus, after approval by the municipal body. Amounts that will be repaid, but over a longer period of time, should be reclassified to Account 223, Advances from Municipality.

2. During our review, we noted that the amount reported for "Utility Plant, Jan. 1" on the Property Tax Equivalent schedule, Page W-7, is incorrect. The plant amount should include construction work in progress (see schedule head note No. 4). The correct amount should come from the prior year's Net Utility Plant schedule, page F-4. Please follow this procedure in the future.

You may receive additional inquiries from our office regarding your annual report during a rate case, construction authorization, or other Commission reviews.

These recommendations are intended to provide accounting assistance and should not be construed as criticisms of utility personnel. If you have any questions, please feel free to contact me by email or by telephone at (608) 267-9198. You may consider the review closed.
